## Glenfarclas Release Most Prestigious Collection to Date

---

J. & G. Grant are proud to unveil The Glenfarclas Family Cask Trunk, which is believed to be the most expansive single collection ever released by one distillery. Following on from the hugely successful Family Cask collection, the distiller has gone one step further by releasing The Glenfarclas Family Cask Trunk - which contains every vintage from 1954 to 2003.

“This is a once in a lifetime opportunity to buy a full collection of vintages in a complete set. It is the first - and last - chance to purchase this, as some of the vintages contained in the trunk are from the last casks of their respective years. We are thrilled to bring this ambitious project to fruition, one which could only be realised due to my grandfather’s foresight in laying down casks as far back as the 1950s.”

George Grant

Sales Director,

6th generation of the Grant family, owners of Glenfarclas since 1865

The unique collection is housed in a custom-made trunk, resembling a contemporary interpretation of a traditional shipping trunk. Inside sit fifty 200ml bottles of Glenfarclas Single Malt, one from each year from 1954 to 2003.

To complement the extraordinary set, the trunk also contains the following bespoke elements: 4 tumblers, 4 nosing glasses and a water jug, all crafted from the finest crystal by renowned Scottish glass manufacturer Glencairn Crystal; 4 slate coasters; 3 hand printed and bound leather books – one containing the history of the distillery, another with George Grant’s tasting notes for each vintage and the third destined to be filled with the buyer’s own tasting notes; and a replica of the oldest known painting of the distillery, the original, from 1791, now hangs in the Glenfarclas Private Dining Room.

60 trunks are available worldwide with an RRP of £100,000.

For more information, please contact Deborah Stewart - [deborah@glenfarclas.com](mailto:deborah@glenfarclas.com), 01807 500257 or your local Glenfarclas distributor.

The next release of classic Family Casks will be available in Spring 2019.
